

## Vegetable cultivation technology for small scale farmers 2012 starts

Opening ceremony of group training course on vegetable cultivation technology for small scale farmers 2012 was held on February 7, 2012. Mr. Hasegawa and Mr. Sawada from AAI are in-charge of the training of this course same as last year. Dr. Zaitzu, the director of AAI, attended this ceremony and encouraged them to complete this course effectively.

Nine participants from seven countries attend this course and stay in Tsukuba for 9 months up to November 3, 2012. And they learn vegetable cultivation technology in Japan. This course contains lectures, field/lab practices and study tours/visits in main training program. Furthermore, each participant conducts own experimentation called “Individual Experiment” to solve the difficulties in his/her country. All AAI members contribute actively to their achievement in JICA Tsukuba and becoming Japanophiles.
