

Group training course on Vegetable Cultivation Technology for Small Scale Farmers 2012 completed

The group training course on Vegetable Cultivation Technology for Small Scale Farmers 2012 started from February 2012 at Tsukuba International Center JICA (JICA Tsukuba) and the closing ceremony was held on 2 November. Nine participants from 7 countries completed the course and gained knowledge and learned about vegetable cultivation technologies through the 9-month training. Hasegawa and Sawada from AAI were the instructors of the training program and we, AAI wish them all every success in their duties after returning home.
